### **Update on work to reduce our carbon footprint.**

Good progress is being made with the work to reduce our carbon footprint. The insulation in the roof space in the worship area is complete and the electrical contractor is well on with the replacement of light fittings with LED units. Unfortunately, there has been a delay in the manufacture of the secondary glazing units, but we now have fitting dates. To install these units it will be necessary to take parts of the building out of use for a few days. The timetable for this is now as follows:

The church (worship area) will be out of use **MONDAY – WEDNESDAY 10<sup>th</sup> -12<sup>th</sup> FEBRUARY**.

The hall will be out of use **TUESDAY – FRIDAY 11<sup>th</sup> – 14<sup>th</sup> FEBRUARY**.
